## **20+ UK Law Firms Uphold Their Commitment to Making Leadership Inclusive and Achieve Mansfield UK Certification**

*UK law firms earn Mansfield Certification by successfully creating more inclusive processes to increase diversity in firm leadership.*

**SAN FRANCISCO** (2 October 2024) — [Diversity Lab](#) announced today that 20+ of the UK’s most influential law firms have achieved Mansfield UK Certification for the 2023–24 period. The [Mansfield framework](#) broadens talent pools and facilitates transparent advancement pathways while ensuring accountability through the annual certification process.

More than 360 law firms across the UK, United States, and Canada have achieved Mansfield Certification this year. All of the participating UK firms have signed on to pursue Certification for 2024–25. Participating Mansfield firms work together to advance Mansfield’s core principles of transparency, accountability, and knowledge sharing, including:

- Contributing to monthly group knowledge-sharing meetings and attending expert-led legal workshops to ensure the lawful implementation of Mansfield’s principles.
- Drafting and making advancement processes and leadership role descriptions transparent and accessible to all lawyers.
- Broadening the pool of talent considered for dozens of leadership roles and activities, with at least 30% of the lawyers considered consisting of underrepresented lawyers across 70% of opportunities.
- Engaging in individual firm check-ins at the six-month mark (even more frequently for new firms) to support the adoption of legal and effective processes.
- Submitting certification data, transparent processes, and a signed affirmation from the managing partner at the end of each certification year.

The focus is on “opening the door wider” and ensuring that opportunities for advancement are transparent and inclusive for everyone. Mansfield expands opportunities, fostering growth without imposing limitations. It strengthens the selection process by ensuring that firms truly consider the full spectrum of qualified talent available.

More than half of the Mansfield UK firms opted into Mansfield Certification Plus, a designation reserved for firms that voluntarily provide outcomes to Diversity Lab to show the progress of their efforts to broaden leadership talent pools and increase the visibility of their advancement processes.

*“Achieving the Mansfield Certification Plus status is a testament to our dedication to creating a workplace where every individual has a fair and equal opportunity to advance.
